NPDB-HIPDB Security

- **Planning Security Enhancements.**
- **Recent Security Enhancements.**
- **Future Security Enhancements.**
- **Important Security Reminders.**

Planning Security Enhancements

- NPDB-HIPDB required to meet federal regulations and guidelines.
- NPDB-HIPDB System Security Plan documents security controls.
- Security Review required annually.
 - Assessments conducted by independent analysts.
 - Verifies security controls meet required regulations.
 - Results of assessments dictate future security enhancements.
- Certification and Accreditation required every 3 years.
 - Grants authorization to operate and maintain the system.
 - Based on successful completion of Security Review.
 - Current Certification and Accreditation granted June 2004.

Planning Security Enhancements

- Self Assessment.
- Privacy Impact Assessment.
- Risk Assessment.
- Security Test and Evaluation.
- Technical Vulnerability Assessment.

Planning Security Enhancements

- Results of assessments are documented and reviewed.
- Security enhancements are identified, prioritized, and assigned a completion date.
- Plan of Actions and Milestones used to track status of security enhancements.
- Plan of Actions and Milestones sent to HRSA and HHS Quarterly.

Recent Security Enhancements

- Confidential Passwords.
- Password Rules.
- Password Expiration.
- Customer Service Center Functions.
- IQRS Security Notice.
- Internal System Upgrades.

Recent Security Enhancements

Confidential Passwords

- Passwords can only be viewed by an individual user.
- NPDB-HIPDB Customer Service Center has no access to user passwords.
- Entity's Administrator cannot view passwords.
- Agent cannot view Entity's passwords.
- New or reset password is randomly generated, must be reset immediately after logging on to the IQRS.

Recent Security Enhancements

Password Rules

- Must be 8-14 characters, at least 1 alphabetic and 1 numeric character.
- Must be different from the previous 4 passwords.
- Must not be a word found in the dictionary.
- Must not be a common Data Bank phrase.
- Must not be your User ID.
- Must not be a simplistic sequence (abcd1234).

Recent Security Enhancements

Password Expiration

	Expiration	Expiration Notice	Grace Login	One Time Use
General Password	90 calendar days	5 calendar days prior to expiration	30 calendar days after expiration	N/A
New Entity Password	30 calendar days	N/A	No	Yes
Reset Password	3 calendar days	N/A	No	Yes

Recent Security Enhancements

Customer Service Center Functions

- Access to a read-only version of the IQRS.
- Provides capability to walk through any process.
- Can not update or modify any data.
- Can not submit queries or reports.

Recent Security Enhancements

IQRS Security Notice

- Mechanism to communicate security changes and best practices to users.
- Available from the Entity and Agent Registration Confirmation Screens.
- Recent Topics Include:
 - Data Bank Confidentiality.
 - Entity Administrator Responsibilities.
 - Password Expiration.
 - Creating Secure Passwords.
 - Other Security Pointers.

Recent Security Enhancements

Internal System Upgrades

- Production Firewall upgrades.
- Passwords are encrypted.
- Automated patch management for NPDB-HIPDB desktops.

Future Security Enhancements

- IQRS Rules of Behavior.
- Registration Rules of Behavior.
- Internal System Upgrades.

Future Security Enhancements

IQRS Rules of Behavior

- All Data Banks' users must agree to comply with the Rules of Behavior.
- Rules of Behavior can be viewed from the Informational Web Site.
- New IQRS Users must acknowledge the Rules of Behavior after first login.
- Existing IQRS Users must acknowledge the Rules of Behavior every 12 months.

MESSAGES

Welcome to the NPDB-HIPDB web site. The U.S. Department of Health and Human Services (HHS), Health Resources and Services Administration (HRSA), Bureau of Health Professions (BHP), Office of Workforce Evaluation and Quality Assurance (OWEQA), Practitioner Data Banks Branch (PDBB) is responsible for the management of the National Practitioner Data Bank and the Healthcare Integrity and Protection Data Bank. We welcome your [comments and feedback](#).

ITP Users Take Note!

Effective October 17, 2005, the ITP file formats have been improved. [ICD Documents](#) detailing the changes are available now! A new version of the ITP client program that supports proxy servers is available. Users do not need to upgrade their ITP client program unless they use a proxy server. The Data Banks will continue to support both versions of the ITP client program.

Registration Renewal

The NPDB-HIPDB is conducting a phased process to renew registration for every entity and agent. The registration renewal process will be implemented electronically via the IQRS and will take approximately eight months to complete. Groups of entities will be notified and scheduled to complete their registration within a specific month. Your entity will be notified via Data Bank correspondence and U.S. Postal Service with detailed instructions at least 30 days prior to

National Practitioner Data Bank
Healthcare Integrity and Protection Data Bank

Welcome to the Integrated Querying and Reporting Service (IQRS)

Only specific entities authorized by law may request the disclosure of information from (i.e., query) or submit reports to the National Practitioner Data Bank (NPDB) or the Healthcare Integrity and Protection Data Bank (HIPDB).

Authorized entities must be registered with the appropriate Data Bank(s) and have received a confidential Data Bank Identification Number (DBID) and password prior to using this querying and reporting service. All individuals that have access to obtain information from and report information to the NPDB-HIPDB system must acknowledge and comply with the [Rules of Behavior](#).

Any unauthorized individual or organization that attempts to query or file reports with the Data Bank(s) is subject to fine and imprisonment under Federal statute.

If you are not authorized by law and registered to query or report to either the NPDB or the HIPDB, **DO NOT ATTEMPT TO ACCESS THIS SERVICE.**

RULES OF BEHAVIOR

**National Practitioner Data Bank
Healthcare Integrity and Protection Data Bank**

All individuals that have access to obtain information from and report information to the NPDB-HIPDB system must comply with the following conditions:

- **Ownership**

This system is the property of the US Department of Health and Human Services, Health Resources and Services Administration and is for authorized users only. The system is for official NPDB-HIPDB business only. Unauthorized access or use of this system may subject violators to criminal, civil and/or administrative penalties.

- **Responsibilities**

Individual users are provided with a unique user id and initial password to access this system. The first time you login to the system, you will be forced to establish your own password to continue to use the system. You are responsible for maintaining the integrity of and are held accountable for everything done using your user id and password. No other person, including those at the NPDB-HIPDB Customer Service Center has access to your password. Passwords shall not be shared with others. If password security is suspected to be compromised you agree to change the password immediately, and notify the NPDB-HIPDB Customer Service Center.

Information and activities associated with the NPDB-HIPDB system shall not be false, inaccurate or misleading; violate any law, statute, ordinance or regulation; and contain any viruses or any malicious code that may damage, detrimentally interfere with, surreptitiously intercept, or expropriate any system, data, or personal information. "Information" is defined as any information you provide to the NPDB-HIPDB System in the course of using this system. "Activities" is defined as any process of interacting with the NPDB-HIPDB system.

This page is displayed immediately upon login.

IQRS Rules of Behavior

Rules of Behavior - Microsoft Internet Explorer

- **Confidentiality**

The system contains personal information protected under the provisions of the *Privacy Act of 1974*, 5 USC Section 552a. Violations of the provisions of the *Privacy Act* may subject the offender to criminal penalties.

Information reported to the NPDB and the HIPDB is confidential and shall not be disclosed except as specified in the NPDB and HIPDB regulations. The HHS OIG has the authority to impose civil money penalties on those who violate the confidentiality provisions of NPDB and/or HIPDB information. Persons or entities that receive information either directly or indirectly are subject to the confidentiality provisions specified in the NPDB regulations at 45 CFR Part 60 and the imposition of a civil money penalty of up to \$11,000 for each offense if they violate those provisions. When an authorized agent is designated to handle NPDB-HIPDB queries, both the entity and the agent are required to maintain confidentiality in accordance with the federal statutory requirements.

- **Intrusion Detection**

This site is maintained for the U.S. Government. It is protected by various provisions of Title 18, US Code. Violations of Title 18 are subject to criminal prosecution in federal court.

Individuals using this system are subject to monitoring of those activities. Anyone using this system expressly consents to such monitoring and is advised that if such monitoring reveals possible evidence of criminal activity, system personnel may provide the evidence obtained by such monitoring to law enforcement officials. Moreover, for system security purposes and to ensure that the system is used for legitimate purposes by authorized, registered users, we collect information concerning the use of this system e.g. data you view and alter. We employ software programs to monitor traffic, and to identify unauthorized attempts to view and/or change information, or otherwise cause damage to the system. Information from these sources may be used to help identify an individual(s) in the event of authorized law enforcement investigation, and pursuant to any required legal process.

Registering With the Data Banks

Before an entity can query and report, it must first register and certify that it meets the explicit statutory requirements for participating in the NPDB, the HIPDB, or both. A practitioner, provider, or supplier wishing to request information about himself, herself, or their organization does not need to register with the Data Banks. Practitioners, providers, or suppliers requesting information should submit a [self-query](#).

To update your existing entity's registration information, log into the [Integrated Querying and Reporting Service](#) (IQRS), click **Administrator Options** on the Registration Confirmation screen, then click **Update Registration Profile**. If you do not know your password contact the [Customer Service Center](#) to obtain this information.

If your entity is registering for the first time, use the appropriate form below to register with the Data Banks. Most entities should use the Entity Registration Form. The Authorized Agent Registration Form is for those entities who have no authority on their own behalf to query or report; rather they act as an agent to those entities who elect to have an outside organization query and/or report to the NPDB-HIPDB on their behalf. Read more about [Authorized Agents](#).

- [Entity Registration Form:](#) 
 - Register to Query and/or Report to the Data Banks
- [Authorized Agent Registration Form:](#)
 - Register as an Authorized Agent to Query and/or Report on Behalf of Eligible, Registered Entities.

See the [Fact Sheet on On-Line Entity Registration](#) and the [Fact Sheet on On-Line Authorized Agent Registration](#) for more information. When the form has been processed successfully, the entity is assigned a Data Bank Identification Number (DBID), and may then start querying and reporting to the Data Bank(s). All entities that register must certify

Registration Rules of Behavior

https://icd.npdb-hipdb.com:563 - Entity Registration - Microsoft Internet Explorer

ENTITY REGISTRATION

National Practitioner Data Bank
Healthcare Integrity and Protection Data Bank

Complete this form to register your entity with the NPDB, HIPDB, or both Data Banks, and click **Continue**. If you are actively registered and need to update your current entity registration, log into the IQRS as the entity's administrator and select **Update Registration Profile** from the Administrator Options menu. If you have been locked out of the IQRS because your password has expired or if you have been deactivated, do not complete this form. You must call the Customer Service Center and request a new password. If you need to renew your entity registration, log into the IQRS as the entity's administrator and follow the instructions provided after you log in.

After completing this form, you will be instructed to print the Entity Registration, provide an original signature, and mail the form to the Data Banks. Once the signed form has been processed, the Data Banks will send you a confirmation notice, which provides your Data Bank Identification Number (DBID) and other important information. Only entities authorized by law may register with the Data Banks.

OMB # 0915-0239 expiration date 08/31/07
OMB # 0915-0126 expiration date 05/31/07
Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for this project are 0915-0239 (HIPDB) and 0915-0126 (NPDB). Public reporting burden for this collection of information is estimated to average 1 hour to complete this form, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14-22, Rockville, Maryland, 20857.

ENTITY IDENTIFICATION INFORMATION

Future Security Enhancements

Internal System Upgrades

- Intrusion Detection Server upgrade.
- Database upgrade.
- Credit Card processing interface upgrade.
- All internal communications encrypted.

Important Security Reminders

■ Password tips:

- Use upper and lower case letters, and special characters.
- Do not use personal information—your name, names of family members, entity name, birth date, etc.
- Do not share your password.
- Do not write down your password, remember it.

■ Make your password easy to remember:

- Make up nonsense words that are pronounceable, such as “BingZing3!” or “ZorP@GorP8”.
- Combine two short words with special characters, such as “4Truck+in” or “mY2birdS!”.
- Pick a phrase and use the first letter of each word. For example, “Will It Rain Today” could produce “W+i+r+t?04”.

Important Security Reminders

- Log out of the IQRS at the end of the session.
- Verify the date and time when your account was last accessed.
- Do not share Data Bank reports.
- Securely store or shred Data Bank Reports.
